Experience Carousel, Soft  
pad and bi-directional  
cleaning

**O RANGE**

## Introducing

# ‘O RANGE’

“A Top Level Dishwashing Experience”

### TARGET MARKET:

- Those that want the best in cleaning in the kitchen

### FEATURES:

- Easy to use
- Enhanced utensil cleaning
- Carousel, pad and bi-directional cleaning
- Optional UV-C lights for a second line of defense to kill off bacteria and viruses

### PATENT INFORMATION:

A provisional patent application was filed in December of 2020 and is in patent pending status.

### SUMMARY:

A new Level of Dishwash performance has arrived! The Beautiful design and functionality of the tri-level Dishwashing experience in caring and cleaning systems have been altered, shifted and moved beyond the closed door washing performances of the past.

Enter the new age in designing functionality. Designed for the time-saving consumers, functionality and to offer a level of performance, and demand for connectivity a consumer will be driven to obtain.

The **O RANGE**. a Dishwashing experience. Top-level of Cleaning care that maximizes beyond those traditional revolving spray washing systems.

The **O RANGE** features A carousel tread that drives A revolving bi-directional performance. A Cleaning experience accompanied through its spin brush, soft-touch support, and Microfiber caring elements producing and aiding a dynamic and rapid cleansing system. Centered among this top-level care is a zone of individualized pads that revolve and rise to the occasion of world-class cleansing of glassware systems leading itself through any troublesome job and outputting a performance worthy of an audience.

A center of attention, **O RANGE's** zone for Utensil and the tools of the kitchen holds on, as it's Strong Wave Mesh element lends A gripping performance. Gripping threw the cleansing motion and throughout each wave of detergent, water, rinse, and drying stage. Grounded by the support to this cleansing performance, the **O RANGE** Dishwashing Base offers cleansing throughout what some might declare as the most demanding in the cleanup, the Cookware. Supported and featuring its own Strong Wave element Mesh that Grips through the cleansing motion The paralleled performance in the Three-tiered act will surely turn heads that might even elicit an audience through its window driven lit performance. Conducted by the Dual top edge system control the **O RANGE** dishwashing performance offers the functions and features you'd expect of elements automated, assisting, and catering you to next-level expectations and performance.

**O RANGE** You Glad Your Dishes Are Finally Clean?

**About the Developer**

Siegfried Behal of Flowery Branch, GA, is an inventor and always looking for ways to make things better. One day while disappointed with the common dishwasher's machines performance he came up with a better idea. He worked up a solution that would help him and others and it proved to be quite effective. Working with Mars Rising Network, he had the invention refined to prepare this essential new design into a commercial product. He is actively seeking a company that would have an interest in partnering with him to get this product on the market.
