POO HOOP BAG HOLDER

Feature:

Poo Hoop Bag Holder is made of Copper or Aluminum

1. Holder made of Copper
2. Clips to hold bag
3. Handle
4. Rubber cover on handle

Target Market:

Pet lovers

Product Description:

The Poo hoop bag holder is thoughtfully made to cater for your hygiene while picking the poo by eliminating your contact with the waste. The poo hoop bag holder is lightweight with a rubber handle and tabs to hold the bag open. With the poo hoop bag holder, you simply use your scooper to pick the poo and drop it in the open bag, then disengage the holder from the handle and deposit it in the trash. Further, the holder secures the poo from being blown up even in strong winds and you can easily pick it up and get rid of it without spillage. This tool is absolutely necessary, and any dog owner would want to have it in their home.

The beauty of the poo hoop bag holder is that it is economical since the holder is reusable. Even better, it is eco-friendly and easily biodegradable – allowing you to collect and dispose your dog's poo conveniently without polluting the environment. It cannot get better than this! Get your poo hoop bag holder today for a life-changing experience. Place your order with us today on our website and experience the difference.
